

Important FYI when shopping for butterflies:

“Are your butterflies monarchs, Painted Ladies, or a “mixed bouquet?”

Correct answer: “Monarch butterflies.” Painted Ladies are ¼ the size of Monarchs and a “mixed bouquet” is tricky language for all other butterfly species that are much smaller and less lively than the monarch. We use ONLY monarch butterflies.

“Do you ship overnight in insulated containers?”

Correct answer: “insulated container with freeze pack.” Standard containers are not enough to protect butterflies from heat. It takes only 1-2 hours in a hot delivery van with improper packaging to kill most butterflies. Our butterflies are specially packaged in a cooled container to ensure health and protection in shipping.

“Does each butterfly come in a box?”

Correct answer: “each butterfly is placed in a box, not a paper or glassine envelop.” A paper or glassine envelope is not sufficient protection for the butterfly and its wings will likely get damaged. Our boxes are stylish and elegant, yet designed to keep the butterfly safe.

“Will we receive adult butterflies or chrysalides?”

Correct answer: “adult butterflies.” It takes work to hatch a butterfly. And hatching chrysalides in boxes results in a messy pupal shell and body fluid that your guests will see. Well over 10% fail to emerge when chrysalides are shipped in boxes instead of adult butterflies. Let our expert breeders provide you with adult butterflies that are clean, beautiful and ready to fly.

Reservations can be made up to a year in advance. It is suggested that orders be placed at least 4-6 weeks prior to the event in order to secure a reservation. A 50% deposit is required at the time of the reservation and the balance is due 15 days prior to the event. We guarantee a delivery of healthy butterflies, but will not be responsible for loss due to mishandling of the package after receipt. Deposit may not be refunded in full. Someone must be present to receive the package for your event. We will not be liable for packages that are left outside because the recipient was not available for delivery. For a successful release, butterflies should be released outside before the sun sets and the temperature needs to be above 60°F. No refunds due to poor weather.
